BRONCHIAL CATARRH.

Batty Thems, 1945 Transley are, East St Louis.

"I surpasse the facilities they have for treating bronchial estarth or any other form of catarrhal disease at the Powell Medical institute are the finest in the world. Some people might think otherwise for the simple reason that the treatment costs so fittle money. But he them go Berte once and they will see how it is. The fact that they treat so many people enables them to do it at such a reduced rate. When I went to the Powell Medical institute I was a physical wreek. Not only was the terrible and incessant cough and choking speaks wearing me out, but I had suffered three or four severe hemorrhages. The treatment soon stopped this ominous decide. The cough was checked, natural breathing restored, hemotrhage stopped, and, offer a short course of resument, I am entitiely cured. I can never say enough in praise of the way they treated me."
